The DFG Research Center MATHEON „Mathematics for key technologies: modelling, simulation and optimization of real-world processes“ is offering 11 research positions at four participating institutions: Technische Universität Berlin, Freie Universität Berlin, Humboldt-Universität zu Berlin and Weierstrass Institute for Applied Analysis and Stochastics. Positions can be filled at June 1st 2010. The job posting is subject to confirmation of funding.

Requirements: Applicants must hold a Master´s/Diploma degree in mathematics or Computer Science.

The positions are temporary until May 31st 2014 unless specified otherwise.

For further information, please see: <http://www.matheon.de>.

In case you want to apply for more than one position please send a separate application for each position indicating the reference number of the project.

To ensure equal opportunity between men and women, applications from women with the respective qualifications are explicitly desired.

Handicapped persons will be given preference to other equally qualified candidates.

Deadline: Please send your written application including CV and all relevant documents until June 2nd 2010. Please send only copies and not originals of documents, as they will not be returned by mail.

All job offers can be requested in written form at:
Technische Universität Berlin
Sekr. MA 3-1
Straße des 17. Juni 136
10623 Berlin

The vacancy is also available in the internet at
<http://www.personalabteilung.tu-berlin.de/menue/jobs/> abrufbar.
